HOODLAMP PENDANT - X Pattern

PENDANT LIGHT FITTING WITH CORD SET AND CEILING CUP

The Hoodlamp range is made of a unique 2 layer bamboo 'flexibly', which is bent and slotted into a birch ply framework. The bamboo shade allows for a glow-through of light providing a natural warmth to the light. With a focused pool of light these are ideally suited above restaurant tables, your home dining table, bedside tables or a kitchen work surface. The pattern only reveals itself when the light is switched on, adding a playful delight. They are available in flatpack or pre-assembled.
